MUST PAY WITH GOLD

The Clause Being Put In Liverpool Mortgagees.

FOUR WERE FILED LAST MONTH

Recorder Lease Is Receiving Them In Lisbon—Political Meetings—McKinley Club Elects Officers—Large Gatherings at Allison's, Hookstown and Salem.

The movement favoring gold coin has already commenced, and people of this city who lend money on real estate are demanding payment in the yellow metal.

As stated in this paper a few weeks ago the silver scare would soon be felt, and the statement was correct. Fearing a silver standard the lender will not take the risk of receiving one half the value loaned out, and inserts a clause in the mortgage providing for the payment of the sum in gold. Recorder Lease was interviewed by the NEWS REVIEW, and stated that mortgages containing the gold clause had already commenced to reach his office. Last month four documents of this kind were sent to him for record, and one was being placed in a big book yesterday. The effect of this can be readily seen. If the silver men should win, gold will go to a premium. Then the man who borrowed money on promise to pay in gold will have to buy it in the market if he is to live to the provisions of the mortgage. He will, in addition to the amount he borrowed and the interest charged, be compelled to pay the premium on gold. It is therefore easily seen that the man who borrows should vote against free silver and a premium on gold.

CLARK WILL BE PRESENT.

Mahoning's Handsome Statesman In the Fight.

The Youngstown Telegram holds that John H. Clark with all his gold forces will be at the Democratic convention in Alliance next Tuesday with blood in his eye. Some hope has been entertained that a fusion with the Populists could be arranged, but Clark has entered the fight, and the Pops will have nothing to do with him. The Telegram believes Clark will control the convention as he did when Ikert was nominated, and the schemes of General Sherwood will be knocked into a cocked hat. Potts has been jollied a little but he will be thrown over, as will Lewis and Roberts, leaving the field open to John C. Welty, the Canton lawyer. He is wealthy and his father-in-law is interested in a silver mine. The original date for the convention was changed to satisfy the Populists, and Coxey will be trotted out in the hope of a compromise. Welty, however, has the call, and will be nominated by the Democrats, regardless of fusion.

NEW MEMBERS.

The Acheson Club Added Fifty at the Meeting.

The meeting of the Acheson club at Allison school house was attended by a large crowd last evening, and excellent addresses were made by F. E. Grosshans, of this city, and Oliver Marshall and W. H. Bebout, of New Cumberland. The membership of the club was increased by fifty, and all were enthusiastic. The speech of Mr. Grosshans was his maiden effort on the platform, and he surprised his friends by the strong argument and splendid language in which it was clothed.

D. J. Smith and Hon. Peter A. Pugh spoke to a large crowd at Hookstown last night. The Methodist Episcopal church was crowded, and the speakers were introduced by Prof. Harry Moore. It was an enthusiastic meeting, and the gentlemen were frequently greeted by loud applause.

HON. R. W. TAYLER TALKED.

He Addressed a Big Crowd of Voters in Salem.

SALEM, Sept. 4.—[Special]—Hon. R. W. Tayler addressed a large and enthusiastic audience in this place last night. He talked protection and sound money, and was cheered to the echo. Judge Ambler spoke confidently of the result of the election, and at the close of the meeting a McKinley club was formed. The membership was swelled to over 600 before the meeting closed. Salem will not be one of the places Mr. Potts will carry this year.

NEW OFFICERS.

The McKinley Club Elected Them Last Night.

There was an unusually good attendance at the McKinley club last evening, the special attraction being the election of officers. It resulted in this way:

President, John S. Goodwin; vice president, J. W. Irwin; secretary, E. W. Hill; treasurer, Frank H. Croxall; sergeant-at-arms, W. T. Martin.

The report of officers showed the club to be in excellent condition, with a membership beyond the expectation of the most sanguine. The offices of financial and recording secretaries were consolidated. There was much rivalry for the offices, and some candidates won by a small margin.

THE REAL DEFINITION.

Hon. Patrick O'Farrell Hit the Nail on the Head.

Hon. Patrick O'Farrell, who addressed the people at National park the other day, is not a Frenchman, nor yet a German, but is as he said Irish. He is endowed with the ready wit so characteristic of the Emerald Isle, and speaks with the vernacular peculiar to his people. While talking to a party of acquaintances at the Thompson house he was asked what the silver question really meant. That struck the gentleman as being the right sort of a query, and without a moment's hesitation he replied:

"Just now they're all talkin' about it to 1, but it won't be long until they'll be knowin' it's nothin' to ate."

NOT MANY VOTES.

Bryan Falls to Influence the People of Columbus.

Hon. A. H. McCoy is home from Columbus where he attended the meeting of wool growers and the state fair. He chanced to be there while Mr. Bryan was in town, and listened with interest while the boy orator told his story. Mr. McCoy mingled freely with the crowd, and from expressions heard on every side, reached the conclusion that the free silver man was making few votes. The people want to hear him from sheer curiosity. Mr. McCoy was particularly struck with the manner in which Bryan attempted to array the poor against the rich, and has seldom heard such appeals to class feeling.

NO SILVER TRAVELERS.

Salesmen Are For McKinley and Sound Money.

An intelligent gentleman whose business takes him through New York state was in town today, and in conversation with a leading business man said Bryan was not to be thought of in New York. The people are all for McKinley, and he will have a tremendous vote. The gentleman has been keeping close tab on all the salesmen he meets in his wanderings, and out of several thousand interviewed since the nominations were made he has found but three silver men.

CAMPAIGN LITERATURE.

Great Stacks Have Been Received by the Committee.

The office of Clerk Hanley is well filled with a great amount of campaign literature which arrived from the Chicago headquarters yesterday evening. As soon as possible the matter will be removed to the Odd Fellows' building where it will be distributed. The room will be for use of the voters of the city who are anxious to gain information on the great questions at issue. The documents are printed in English and German.

CLERKS WILL MARCH.

They Will Be In the Parade on Monday.

The special meeting of the Clerks' union last night was very well attended, and two new members were added to the roll. The committee reported that a banner and carriages for the ladies had been prepared for Labor day. It was unanimously decided to accede to the request of Trades council, and every union clerk in the city will take part in the parade, meeting at their hall at 8 o'clock Monday morning for the purpose of forming.

A LONG GASH

Was Cut In the Head of Sam Jones as He Fought.

A lively fight occurred in Bradshaw avenue, near the china works, several young men being implicated. Sam Jones, not the preacher of renown, was hit on the head by a stone, and a long gash in his scalp was the result. He presented a horrible sight as the blood flowed freely over his face. Another boy whose name could not be learned was hit in the face, and walked away with a bloody countenance.

CLARKSON WON.

The Major Will Lead the Grand Army For a Year.

ST. PAUL, Sept. 4.—[Special]—Maj. T. S. Clarkson, Omaha, was this morning elected commander-in-chief of the Grand Army. It was a spirited contest, but the western man gained an advantage and soon had a majority.

HOW THEY WILL MARCH

Marshal Ruhe Gave Out the Order of Parade.

IT WILL FORM ON BROADWAY

The Principal Streets Will Be Covered, and the Column Will Disperse in the Diamond—Every Union In Town Given a Place.

The Labor day parade promises to be the best the city has seen in many years, and William Ruhe, chief marshal, is sparing neither time nor work to produce a success.

Marshal Ruhe has announced the appointment of C. J. Martin, F. D. White, G. S. Miller, William Adams, Sr., D. H. Yant and Willie King as aides, and the column will form on Broadway, right resting on Robinson street. The line of march will be to Sixth, Monroe, Fourth, Market, Second, Broadway, Fifth, Diamond. The parade will move in the following order:

Chief Marshal Ruhe and aides.

Squad of police.

MRS. PALMER.

Resolutions Passed by the Women's Christian Temperance Union.

At a meeting of the Women's Christian Temperance union the following resolutions were unanimously adopted: WHEREAS, It has pleased almighty God, the Ruler of the universe, to take from among us our beloved sister, Mrs. Bella Palmer; therefore, be it

Resolved, That we extend to Captain and Mrs. Harry Palmer and all other members of the family and friends our profound sympathy and deep sorrow in the loss of her who was indeed a praying mother in Israel, trusting that they will bow in humble submission to the will of Him who doeth all things well.

Resolved, That we endeavor to follow the example of this most estimable woman and exemplary Christian character, striving always to be at our post of duty, and be ready to meet her when we are called to the last long home.

Resolved, That these resolutions be published in the NEWS REVIEW, and a copy sent to the bereaved family.

WOMEN'S CHRISTIAN TEMPERANCE UNION.

Since last we met the reaper death has visited our ranks, and gathered home to the Father one of our oldest and most revered members, Mrs. Bella Palmer. She was not only a member of our organization but was a crusader. It is true the dear mother was ready for heaven, but that while it comforts the heart does not relieve the loneliness of the loved ones in the home. Yes, our dear old friend is gone, but she has left the knowledge of a beautiful Christian life and the best of legacies—a good name. How fitting to close with these words, "Let me die the death of the righteous, and let my end be like unto that of our beloved sister"

HUNTING FOR MR. JONES

His Friends In Lisbon Think He Is Lost.

DISAPPEARED ON MONDAY NIGHT

He Went to Bed, and Could Not Be Found the Next Morning—All Efforts to Find Him Have Been Fruitless—Lived There Eight Years—A Clay Worker.

Lisbon, Sept. 4.—[Special]—The county seat has a sensation today, and the authorities are endeavoring to find a missing man.

His name is J. Jones, and he has for eight years been employed at a sewer pipe plant near town. He boarded at the home of John Davidson, and he it was who informed the authorities that the man was missing. On Monday evening Jones went to his room very much intoxicated, and some time during the night he left the house. The members of the family did not hear him go, and since that time nothing has been heard of him. Davidson fears something has happened to the man, and is anxious to have the authorities look for him. He has searched every imaginable place, and is unable to find him. Jones came to Lisbon from New York state. The authorities began the search this afternoon. Jones is unmarried, and well known in this place and surrounding country. The friends of Jones cannot understand why he should drop out of sight, as he had nothing of importance to trouble him.

A PLUCKY RIDER.

Irons Rode Five Miles While Almost Unconscious.

Bert Irons, the wheelman well known here, won the five mile handicap at Monongahela City Thursday. In the two mile open he got a bad spill, and was unconscious for a time. When the five mile race was offed Irons had to be lifted to his machine, and he rode the entire distance in a semi-unconscious condition winning by 75 yards. Such remarkable nerve has probably never before been witnessed on the bicycle path, and Irons is being praised on every hand.

PRACTICING.

Small Boys Try Conclusions With a Greased Pig.

A number of small boys who expect to enter the contest on Labor day had a greased pig in a back yard near the Diamond yesterday evening. It was only practice sport, but they found it almost impossible to catch the porker. After the sport had delighted a large audience for some time the pig escaped through a hole in the fence, and ran into the street. It scared a horse near Jackson, and the animal ran away, but did no damage other than break the harness.

IN EUROPE.

Coach Evans Will Not Be With the Eclipse Team.

Manager Stevenson yesterday received word that H. O. Evans, of the University of Michigan, who was engaged to coach the Eclipse eleven, could not fill his engagement. E. J. Echol, who played center for Bethany last fall, was at once telegraphed, and will arrive in the city Tuesday morning. Mr. Evans has not been well, and went to Europe in the hope of regaining his health.

ONLY A MONGREL.

Officer Meador Killed It For Biting a Man.

Officer Meador killed a dog in the alley between Second and Third streets. The canine was of no particular breed, and was owned by John Kilmer, who resides in that part of the city. It had a bad reputation among the small boys, and no one was surprised when it attacked a Mr. Kent, and tore his trousers. Its teeth went into his leg, and made a painful wound.

Fought In the Street.

A fight occurred in front of the D. E. McNicol pottery yesterday afternoon, two young men being the participants. One of them ran, and they began to throw stones until a passing bicyclist came near being hit. Then people in the vicinity awoke to the fact that it was time to stop the childish action.

Saw It in the News Review.

Richard Nagle, of the street force, who lost his coat several days ago had it returned to him. Two small boys found the garment, and noticing the item in the NEWS REVIEW concerning it they were thus enabled to find the owner. The incident proves the NEWS REVIEW is widely read.

The season at the Grand Opera House will open one week from Monday with the Horace Vinton company.

Prof. J. F. Cooper and Miss Blanche Sturtevant Were Married In Sharpville.

Prof. J. F. Cooper, of this city, and Miss Blanche Sturtevant, of Sharpville, were married at the home of the bride on Wednesday afternoon, and arrived in this city last evening. The home was beautifully decorated for the occasion, and the happy pair stood beneath a canopy of asparagus and nasturtiums when the ceremony was performed. There were a number of attendants, and

after the marriage dinner was served Professor Cooper has not long been a resident of the city, but he has already made many friends, and East Liverpool people gladly welcome the gentleman and his charming bride.

Mr. George Miller, of Toronto, and Miss Lettie Biddle, of West End, were quietly married on Wednesday evening by Rev. J. M. Huston. Friends of the contracting parties discovered the ceremony had been performed, and tendered congratulations.

LITTLE ENCOURAGEMENT.

The Potters of Trenton Are Not at All Happy.

The Trenton correspondent of a trade journal says:

"With the beginning of the fall season in sight there is very little encouragement among the Trenton potters, who are, however, making preparations in designs and decorations that will entitle them to their share of whatever business may be afloat during such a presidential campaign as this. The failure of Hilton, Hughes & Co., at New York; Ovingtons at Brooklyn, and R. J. Allen, Son & Co., Philadelphia, have affected Trenton manufacturers but very little, all of them dealing to a large extent in imported china and earthenware. Collections are, however, reported as being very slow all along the line, and a very general leniency in credit seems to be the order in all business circles."

MONEY IN THE TREASURY.

The Football Club Does Not Owe a Cent.

A local paper stated last evening that some members of the Rugby football team would demand dividends before they play this year, and the club was \$80 in debt as a result of last year. The statement contains no truth. Every player understands he will be paid if there are dividends, but the Eclipse club was not organized for the purpose of making money, but to introduce the game. The uniforms last year were bought and paid for by a few members. The club does not owe a dollar. The games played last year paid the expenses of visiting teams, returned the money advanced for uniforms, advertised a third game never played, and left \$5.80 in the treasury. Football men expressed their indignation in no gentle terms when they read the local error last night.

MORE MEMBERS.

Street Fair Association Continues to Move.

The following names have been added to the membership list of the street fair association: East Liverpool and Wells-ville street railway, J. F. Burgess, Mrs. A. V. Thompson, N. G. Macrum, Will Reed, Robert Hall, William Clay, Mrs. A. M. Davidson & Son and News Review.

Mrs. D. McDonald has added to the list of prizes by offering a handsome hat for the prettiest piece of outline work by a girl under 14, and a hat for the handsomest linen drawn work. G. Bendheim gives a pair of shoes for the heaviest pumpkin, the smallest ripe pumpkin, and the best pumpkin pie. F. M. Fouts will reward the exhibitor of the best basket of quinces and grapes with a cedar washtub.

AFTER THE FLOOD.

The Ball Ground Is In Better Condition Than Ever.

The first ball game that has been played in the city for seven or eight weeks will take place tomorrow afternoon. The grounds have been cleaned, and they are in better condition than at any time this season. Teams will line up as follows:

Backer.	catcher.	Davis

WILLING TO PAY.

East End People Are Anxious to Have That Class.

J. C. McClain and Oliver Vodrey, the committee appointed at the last meeting of the board of education to investigate the necessity of a grammar class in East End, met with a number of citizens in that part of the city last evening. They found the parents most anxious for the class, and a committee was appointed to canvass the place and find the number of children compelled to attend school in the city proper. They will report to the committee, and they to the board. East End is willing to pay the rent and provide the furniture if the board does the rest.

His name is J. Jones, and he has for eight years been employed at a sewer pipe plant near town. He boarded at the home of John Davidson, and he it was who informed the authorities that the man was missing. On Monday evening Jones went to his room very much intoxicated, and some time during the night he left the house. The members of the family did not hear him go, and since that time nothing has been heard of him. Davidson fears something has happened to the man, and is anxious to have the authorities look for him. He has searched every imaginable place, and is unable to find him. Jones came to Lisbon from New York state. The authorities began the search this afternoon. Jones is unmarried, and well known in this place and surrounding country. The friends of Jones cannot understand why he should drop out of sight, as he had nothing of importance to trouble him.

A PLUCKY RIDER.

Irons Rode Five Miles While Almost Unconscious.

Bert Irons, the wheelman well known here, won the five mile handicap at Monongahela City Thursday. In the two mile open he got a bad spill, and was unconscious for a time. When the five mile race was called Irons had to be lifted to his machine, and he rode the entire distance in a semi-unconscious condition winning by 75 yards. Such remarkable nerve has probably never before been witnessed on the bicycle path, and Irons is being praised on every hand.

PRACTICING.

Small Boys Try Conclusions With a Greased Pig.

A number of small boys who expect to enter the contest on Labor day had a greased pig in a back yard near the Diamond yesterday evening. It was only practice sport, but they found it almost impossible to catch the porker. After the sport had delighted a large audience for some time the pig escaped through a hole in the fence, and ran into the street. It scared a horse near Jackson, and the animal ran away, but did no damage other than break the harness.

IN EUROPE.

Coach Evans Will Not Be With the Eclipse Team.

Manager Stevenson yesterday received word that H. O. Evans, of the University of Michigan, who was engaged to coach the Eclipse eleven, could not fill his engagement. E. J. Echol, who played center for Bethany last fall, was at once telegraphed, and will arrive in the city Tuesday morning. Mr. Evans has not been well, and went to Europe in the hope of regaining his health.

ONLY A MONGREL.

Officer Meador Killed It For Biting a Man.

Officer Meador killed a dog in the alley between Second and Third streets. The canine was of no particular breed, and was owned by John Kilmer, who resides in that part of the city. It had a bad reputation among the small boys, and no one was surprised when it attacked a Mr. Kent, and tore his trousers. Its teeth went into his leg, and made a painful wound.

Fought In the Street.

A fight occurred in front of the D. E. McNicol pottery yesterday afternoon, two young men being the participants. One of them ran, and they began to throw stones until a passing bicyclist came near being hit. Then people in the vicinity awoke to the fact that it was time to stop the childish action.

Saw It in the News Review.

Richard Nagle, of the street force, who lost his coat several days ago had it returned to him. Two small boys found the garment, and noticing the item in the NEWS REVIEW concerning it they were thus enabled to find the owner. The incident proves the NEWS REVIEW is widely read.

The season at the Grand Opera House will open one week from Monday with the Horace Vinton company.

SEVENTY men were locked up in the

Cleveland city prison the other night

for drunkenness, and when they were

polled 63 declared they were for Bryan.

THE people who thought Bryan's trip

into the heart of the enemy's country

would bring him thousands of votes can

now return to oblivion. Vermont is

very close to New York.

CHRISTIANS can be murdered by the

thousand in Turkey without an official

word of protest, yet England and

America pat each other on the back

and say they are highly civilized

nations.

NO DANGER.

The vast amount of energy expended

in the discussion of the silver question

is having its effect. Business is dull.

In the great commercial centers of the

east men are not wasting money in wild

speculation, while the large cities of the

west are experiencing times as hard if

not harder than when the panic was at

its height. The people whose money is

used in business are alarmed, and they

will do little to cause a general bright-

ening until there is some assurance of

return.

But the clouds are already breaking,

and the light is beginning to shine.

Candidate Bryan is hurrying to his

home in the west, and will reach the

seclusion of Lincoln without the proud

assurance that he set the world on fire.

He and his friends expected the greatest

ovation ever given a candidate, but they

were disappointed. Thousands flocked

to see him, but the opinion is general

that he made little impression upon the

unbiased mind. He talked a great deal,

made a vast deal of noise, condemned

everything but his hobby, and said very

few sensible words in favor of silver. He

expected to show the east a thing or two

in the way of making converts, but he is

going home without having proved the

merit of his cause.

Business will get better. There will

be a general awakening. Mr. Bryan

came like a bogie man and frightened

the commercial world, but the people

are recovering their senses. Silver will

be defeated by an overwhelming vote.

McKinley will be elected, and a protec-

tive tariff will soon return us to unex-

amplified prosperity. As proof that there

is little danger of a Democratic victory

one need but glance at the market value

of silver. It has been steadily declining

in price. It was worth 69.10 in London

August 1, and 68 when the month was

half over. In the remaining 15 days it

continued to fall, and on August 30 had

reached 66.8, a drop during the month

of 2.3 cents. Does that look as though

the world expected a silver victory in

America? If the men who make money

from speculation believed Bryan and

his views would win, silver would boom,

and the price would steadily advance.

JOSEPH BROS.

BUFFALO IS SELECTED.

Next G. A. R. Encampment to Be Held There.

THE ANNUAL REPORTS MADE.

Commander-in-Chief Gives Much Praise to the Sons of Veterans and Woman's Relief Corps—The Membership and Condition of the Treasury.

St. Paul, Sept. 4.—Buffalo has been selected for the location of the next G. A. R. encampment, at the business session of the present encampment.

In his annual report to the Grand Army encampment Commander-in-Chief Walker said:

"We meet today in a true spirit of fraternity, charity and loyalty. These annual gatherings of the men who rendered loyal, devoted and patriotic services to their country in its hour of peril, gives renewed strength to patriotism, tends to elevate and adorn our national character and makes us stronger each succeeding year. We meet with no desire to boast of our services in the past. We were citizens before we became soldiers, and volunteered at the call of our imperiled nation, that we might fulfill the highest duties of citizenship, and the lessons we learned amidst the storms of battle made us more mindful of our duties as citizens. The men who saved the nation can be depended upon to defend its integrity and honor when assailed. The Grand Army stands for the rights of property and the supremacy of the laws. It stands for law and order and justice everywhere and at all times.

"The Sons of Veterans are our natural successors. They are the reserve of the Grand Army. They have already become of great assistance to our organization, and are destined to exert a powerful influence for patriotism and loyalty long after we shall have passed away. As we go marching with ceaseless tramp but ever lessening tread down the slope toward the great hereafter, there comes up on the other side, with sturdy stride and ever quickening pace, the Sons of Veterans, to take the place we have filled. They sing the songs we sang, and carry the same flag under whose starry folds we fought. As we come off guard and take up our line of march to the eternal camping grounds we shall be more content if the picket line is still manned and the uniform is blue.

"In all of the duties and labor of the year, the Woman's Relief Corps, composed of the loyal women of the land, has been our constant friend and helpmate. I desire to add my testimony to that which has been frequently given by others in this position, to the loyal and efficient services of this noble auxiliary organization. Abundant in their special work of charity, helpful in every field of labor, full of patriotic enthusiasm, and happy to share with us the labor and glory of our Grand Army life."

The report of Adjutant General Irvin Robbins contained the following: "The report of my predecessor showed that June 30, 1895, our membership in good standing was 357,639, distributed among 7,303 posts, with 49,000 members on the suspended list, making a total of 407,339 on the rolls. June 30, 1896, there were 7,302 posts, containing 349,610 comrades in good standing, with 42,561 carried on the rolls as suspended. The gains were: Muster-in, 13,467; transfer, 5,418; reinstatement, 13,095; delinquent reports, 4,901; total, 36,881. The losses were: Deaths, 7,293; honorable discharge, 1,283; transfers, 5,912; suspension, 38,033; dishonorable discharge, 154; delinquent reports, 11,285; total, 59,910. The amount expended in charity for the year was \$211,949, an increase of \$12,000 over the preceding year."

The report of A. J. Burbank, quartermaster general, showed receipts of \$30,354 and expenditures of \$19,779, leaving a balance on hand of \$10,575. The assets are \$12,181 and the investments \$16,000.

In his report Inspector General Wallace H. Olin said: "The order generally is in a healthy and vigorous condition; it is filled with a fraternity which only grows warmer as the years increase; with a charity which flows from loving hearts and liberal hands and a loyalty which combines the steadiness of manhood with the enthusiasm and effervescence of youth. While the Grand Army maintains faithfully its three great principles it will remain a vitalizing force in our beloved land."

The report of Henry H. Adams, special aide in charge of military instru-

tion in the public schools, contained the following: "A misapprehension in regard to the practical features of the public instruction on the part of the public in general has interfered seriously with the development of the system. In point of fact, there is no military drill within the public schools. Ten minutes each day is usually given to physical development exercises, using the 'setting up' form, which is that laid down in infantry drill regulations, U. S. A. In connection with this is the teaching of civics—that is, forms of municipal, state and national government in all the details connected therewith. The scholar is taught the responsibility of citizenship, the necessity of a pure ballot, reverence for the flag, respect for authority, prompt obedience, 'to do right because it is right.'"

"This system does not in any way interfere with or take the place of any school work established under the ordinary curriculum. It is optional with the scholars to organize companies and to choose their own officers from their own number. The companies drill once each week, and entirely outside of school hours, and in no way connected with the school, except under the counsel and advice of a principal, who usually acts as commandant. After several years' experience and trial the results are most satisfactory. The pupil acquires improved school discipline, self-control, dignified bearing and appreciation of wise leadership. Hundreds of letters have been received testifying to the good effect of the discipline on the incorrigibles, and the records also show the pupils engaged in patriotic training and military instruction have better and higher records than those who are not of the organization."

Receivers Appointed for a Bank. NEW YORK, Sept. 4.—Judge Pryor has appointed Spencer Trask and Miles M. O'Brien temporary receivers of the Murray Hill bank, pending a voluntary dissolution of the institution. The receivers are required to file a bond of \$100,000.

PALMER AND BUCKNER

The Ticket Put Forth by Gold Democrats.

GOLD PLANK IN THE PLATFORM.

President Cleveland's Administration Warmly Endorsed and the Chicago Platform Declared Against—Tariff For Revenue Only Plank Included.

INDIANAPOLIS, Sept. 4.—John M. Palmer of Illinois and Simon Bolivar Buckner of Kentucky, two white-haired veterans of the war, rival commanders of the blue and gray, were nominated by the national convention of gold Democrats for president and vice president on a brief platform, which declares against the doctrines enunciated by the Chicago platform, endorses President Cleveland and his administration

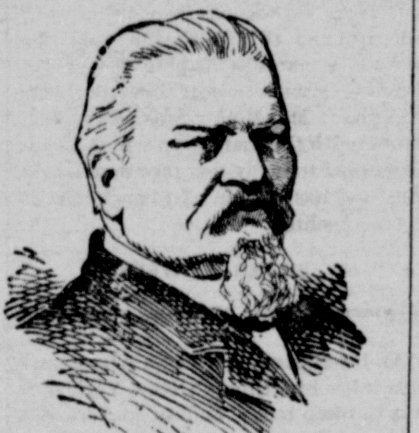

SENATOR PALMER.

in glowing terms, declares for the gold standard, tariff for revenue only, liberal shipping laws, currency reform, civil service and economy in public expenditures. The chief declaration of the platform said:

"The Democratic party has survived many defeats, but it could not survive a victory won in behalf of the doctrine and policy proclaimed in its name at Chicago."

And so, in the language of Mr. Hammond of Louisiana, this convention

GENERAL SIMON B. BUCKNER.

placed in the hands of other nominees their banner and bade them fling it forth "skyward and seaward high and wide." The real work of the convention was soon transacted when it was reached, but the delay in reporting the platform gave opportunity for a series of speeches. Colonel W. C. P. Breckinridge, the Blue Grass orator, Dewitt C. Warner of New York, H. A. Hammond of Georgia, F. W. Lehman of Missouri, W. D. Bynum of Indiana and Comptroller of the Currency Eckels of Illinois were in turn called to the stage and spoke.

When the platform was at last brought in it was read amid an almost continuous storm of applause and was adopted unanimously without a word of debate. When the nominations for president were called for it was apparent that Palmer would be nominated over his protest, as the opposition to Bragg had concentrated upon him. These two names were the only ones presented to the convention. It was known that a message from President Cleveland had reached the convention that he could not entertain for a moment the suggestion of his own nomination and his decision was at once accepted as final. Before the states were called for nominations, Henry Watterson was taken out of the lists by Mr. Carroll of Louisville, who, from the platform, conveyed to the convention a message from the Kentucky editor in his retreat in the mountains of Switzerland.

L. L. Kilbourn of Michigan placed Senator Palmer in nomination and there was a series of seconding speeches.

Burr W. Jones of Wisconsin nominated General Bragg, "the hero of the battles and the commander of the Iron brigade." Illinois waited until all the other states had been called. Then Judge Moran of Chicago took the stage and said they had recognized from the first that Senator Palmer was the man to lead the fight, but he had sealed their lips. After seeing the temper of the convention, however, he said Illinois was compelled to join hands with her sister states in urging his nomination. The roll call immediately developed an overwhelming majority in favor of Senator, but it proceeded to the end, Palmer receiving 757 votes and Bragg 124. At its conclusion the commander of the Iron brigade mounted a chair and in a brief but graceful speech moved that the nomination be made unanimous and pledged that he and Wisconsin in the coming battle would be where brave soldiers should be, nearest the flashing of guns. He was given three hearty cheers and General Palmer was declared the nominee amid an enthusiastic demonstration, during which the state guidons were carried about the hall in the wake of the standard of Illinois. There never was any doubt about General Buckner's nomination for vice president, except while Watterson's nomination was being talked of for president.

When Chairman Caffery instructed the secretary to call the states for nominations for vice president, the latter called out one state, Kentucky, and the band struck up "My Old Kentucky Home." William F. Brodner of Russellville, Ky., placed General Buckner's name formally in nomination, and the nomination was forthwith made unanimous. After the convention had adjourned Senator Palmer succumbed.

The national committee held a meeting immediately after the convention had adjourned.

It was decided to have an executive committee of nine to manage the campaign, and W. D. Bynum was selected, without opposition, for chairman of the executive committee. Mr. Bynum was appointed to select the other members of the executive committee. John F. Frensel of Indianapolis, was chosen for treasurer, but the choice of a secretary was left to the committee. Both the presidential and vice presidential candidates will be notified of their nomination in Louisville on Sept. 12. Headquarters of the executive committee will probably be located in Chicago, where the other Democratic organization is conducting its work.

Generals Palmer and Buckner were both escorted to the committee meeting by Messrs. Tracy of New York and Cable of Illinois. Their entrance was heartily applauded.

Senator Palmer made brief remarks to the committee and participated in the discussion.

Alleged Murderer Tried Suicide.

EUREKA SPRINGS, Ark., Sept. 4.—H. F. Schubert, a farmer of Madison county, has been shot and killed. S. S. Deacon, a farm hand, was arrested charged with the killing. While in jail Deacon swallowed a quantity of morphine and cut his own throat with a razor. He is still alive.

Made Speechless by a Blow.

NEW YORK, Sept. 4.—Charles Freeman, a feed dealer of Hasbrouck Heights, N. J., while acting as peace-maker, was hit a terrible blow under the heart and lay unconscious for six hours. He is now semi-conscious and cannot speak.

CARNEGIE ON SILVER.

He Writes a Letter to the Workingmen.

EFFECT OF DEBASED CURRENCY.

Silver Dollars Would Only Buy About One-Half What They Do Now—Wages Would Be No Higher—Causes of the Hard Times.

PITTSBURG, Sept. 4.—A letter from Andrew Carnegie on the silver question will be published in The American Manufacturer this week. It is as follows:

"In reply to your request that I should say a few words to workingmen upon the silver question, permit me to state that the question, as far as concerns workingmen and all others receiving salaries, lies in a nutshell.

"First—Today they are paid in dollars as good as gold, worth 100 cents everywhere. These gold dollars being worth nearly two silver dollars of the silver standard countries, buy \$2 worth of the tea, coffee, etc., used by workingmen. This is the reason that these articles are now so cheap in gold.

"Second—The present dollars paid workingmen being gold dollars, buy a full gold dollar's worth of any article in all countries which are gold standard countries.

"Therefore, if American workingmen are paid in silver dollars, the cost of everything they use from silver-bearing countries will be nearly double. This includes tea, coffee, sugar, spices, etc.

While William Frazier was driving across the street car track along the river road, a car dashed around a curve, and before its speed could be checked, crashed into the wagon, damaging it very badly. The force of the collision brought the car to a standstill, but did not harm it in any way.

The water works trustees met yesterday afternoon, and viewed the repairs being made at the pump house. A new casing is being placed in the pit, as the old one is cracked. It will be some time before the work can be completed, but water consumers will suffer no inconvenience.

Hon. W. D. Bynum, the Indiana Democrat chosen chairman of the national committee at the Indianapolis convention, is well known to a number of people in the city. He was prominently connected with the tariff hearings a few years ago, and although a Democrat, made friends among the manufacturers.

THE IRISH CONVENTION.

Several Resolutions of Interest Adopted. A Riot Occurred.

DUBLIN, Sept. 4.—At the third day's session of the Irish national convention, a home rule resolution reasserting the "immemorial claim of Ireland as a nation" and declaring the necessity of maintaining the Irish parliamentary party absolutely independent of all English political parties was then unanimously adopted.

During the session Mr. Edward Blake, M. P., made a statement on the subject of the parliamentary funds, declaring that there was not a shadow of foundation for the charge that the votes of the Irish members were influenced by the disposition of a penny of the Irish funds.

Mr. Michael Davitt moved a resolution in favor of granting amnesty to all political prisoners, which passed.

Amalgamated land and taxation resolutions were unanimously adopted, as were resolutions in favor of disseminating knowledge of Irish history, providing for the cultivation of the Irish language and urging the purchase of articles of Irish manufacture.

Mr. Dillon stated in regard to the Paris funds that the total paid over was £38,471, 14s, 11d, of which sum £14,000 was deposited in bank in order to meet prior claims, which are still undistributed. Out of the balance, £23,084, 7s 4d was distributed to tenants and £5 were devoted to office expenses. The balance, he added, is in bank and not a farthing, he asserted, had been paid to any Irish member of parliament or devoted to any political purpose.

Following the close of the convention there was a small riot in Sackville street, and Mr. John Dillon and a number of his friends were compelled to seek refuge in the Imperial hotel.

WRANGLING OVER FUSION.

Democrats and Populists Unable to Agree in West Virginia.

WHEELING, Sept. 4.—The state Populist and Democratic committees have been in conference at Clarksburg trying to effect a fusion. The session is secret. The Populists insist on recognition and demand at least two electors for the Bryan-Watson ticket. This the Democratic committee was virtually instructed not to grant by the state convention in Wheeling.

If the demand is not granted the Populists will keep in the field; straight middle-of-the-road state and national ticket. If their present nominee for governor, Ralph Snyder, a Democrat, declines they will nominate another man. Senator Butler has advised this course, it is understood. National Democratic Committeeman McGraw is at the conference.

K. O. P. SUPREME LODGE.

The Closing Session Decided Some Very Important Questions.

CLEVELAND, Sept. 4.—At the last meeting of the supreme lodge, Knight of Pythias, the statutes were amended so that hereafter two sessions of the lodge will be held. They will be held in Indianapolis.

The supreme chancellor was given authority to call a special meeting at any time when he thought the occasion necessary or whenever the occasion required.

The laws of the uniform rank were so amended that the supreme council was changed to the supreme assembly. The next meeting of the supreme lodge of the world of the Knights of Pythias will be held in Indianapolis the fourth Tuesday in August, 1898.

LI IN PHILADELPHIA.

He Visited Independence Hall and Other Points of Interest.

PHILADELPHIA, Sept. 4.—Li Hung Chang is the guest of Philadelphia. The mayor and the citizens' reception committee were the first to greet the viceroy. The Municipal band played "The Star Spangled Banner" and a great crowd cheered repeatedly. Four big policemen carried Li's chair to a carriage drawn by four white horses, and he headed the procession down Broad street to Chestnut and thence to Independence Hall. He also visited other points of interest.

CLEVELAND SILENT.

But Some of His Cabinet Praised the Gold Ticket.

BUZZARDS BAY, Mass., Sept. 4.—President Cleveland, when seen relative to the nomination of Senator Palmer, declined to be interviewed regarding the action of the convention.

A Washington special says: Secretaries Carlisle, Francis and Lamont complimented the gold Democratic ticket very highly, and Francis said he would support the ticket.

Captain Dreyfus Has Escaped.

LONDON, Sept. 4.—Captain Hunter of the British steamship Nonpareil, which has arrived from Cayenne, French Guiana, reports that Captain Albert Dreyfus, who was sentenced to be publicly degraded and confined for life in a fortress, after having been convicted by a court martial of selling plans of French fortifications, etc., to a foreign government, has escaped.

He is now believed to be in the United States with his wife, who helped him to escape.

More Gold to Be Imported.

NEW YORK, Sept. 4.—Lazard Freres have ordered \$2,070,000 additional gold in London, making the total amount engaged by that firm \$7,820,000. Of the gold sold in London for shipment to this country \$1,000,000 is consigned to the Bank of British North America, and \$500,000 is for the account of Speyer & Co. The last amount has been previously reported.

Gone to Confer With Watson.

WASHINGTON, Sept. 4.—Senator Butler, chairman of the Populist executive committee, has left the city for Atlanta on political business. While in Georgia Mr. Butler will have a conference with Thomas E. Watson, the nominee for vice president on the Populist ticket.

Agreed to Fuse.

OMAHA, Sept. 4.—After nearly an all-night session, the state central committee of the Democratic and Populist parties, without apparent friction practically agreed upon the details of the plan for fusion on electoral and state tickets.

This Life.

Says Charles Bandelaire: "This life is a hospital where every patient is possessed with a desire to change his bed. This one would prefer to suffer by the stove, and the other thinks he would recover by the window."

The "Tyrian era," which prevailed extensively in Syria for many ages, began Oct. 19, B. C. 125. It commemorated the independence of Tyre from the yoke of the Syrian kings.

The taste of beauty and the relish of what is decent, just and amiable perfect the character of the gentleman and the philosopher.—Shaftesbury.

FARMING AS A PROFESSION.

Many Things That Can Be Raised For the Stomach and the Head.

Prosperity and pleasure from farm life require that you aim first to raise your own food and sell only to cover the balance. Begin with the idea simply of independence and not of wealth. It is the best ambition. The rich man does not enjoy as much as the independent man. To do this you must raise fruits as well as what are called main crops. Fruit constitutes half or more of a good diet. My own children have never eaten a pound of meat. (My horses have not.) I add this as an answer to those who think meat an essential to strength, says E. P. Powell in The Independent. Fijians consider eating eyes essential to long eyesight. We can raise apples, pears, plums, cherries, currants, berries, grapes, and these, with eggs, chickens, beans and milk and vegetables, will cover nearly all a family needs for the table.

Begin in a very small way. It is an age of splurging and plunging. Do not begin that way. Keep accounts and see that one hand washes the other. Every farm should have its study department as well as its dig department. There are geology, botany, entomology, astronomy all at home for you. Why send the boys off to learn something else? You think you cannot teach them; you can learn. Get books like Comstock's "Entomology" and Shaler's "Geology." Study them as a piece of family work, as our fathers studied Scott's "Commentaries." Then divide your farm work so that a part of it shall be experimental. Pick up facts as well as potatoes. Then have a shop and laboratory, where all the finger wisdom in the family can be developed and muscle wit be encouraged. It will pay in cash and pay in independence and pay in pleasure.

What I mean to emphasize is that home should be big enough in spirit to make elbow room and brain room for the boys and girls. There is no reason why they should feel that home is too narrow for them, and they must get away as soon as possible. I wish my home to be so full and roomy that nothing else shall seem larger to my children. While not opposing schools, I hold they should supplement, not supplant home.—Boston Herald.
